## Sony Expressfx Audio Restoration Zip

A: Sony Sound Forge Pro 8.0 does not have a plug-in named "expressfx" under Audio Restoration section. does have a plug-in named "expressfx" under Video Effects section. What branch to I submit > this to? I noticed this thread while working on some extra functionality for my nvidia board. In that case I used the raw audio codec /dev/dsp That may be what you want for your project, but personally I would not re-invent the wheel. There are other inexpensive scopes that will do what you want. Good luck with the project. I looked at several cheap 8 channel scopes, but didn't pursue it. If I didn't have the arduino already I would have bought one.
